

General Info/Special Events:

In consultation with our NGPS Learning Services Department, we will be launching the access to the parent portal on January 8th. In preparation of this event, we are providing the following links to help guide access to the portal as well as address any questions that you may have. We know that accessing the portal to see your child's progress will allow you to use this information, in addition to the other ways teachers share your child's learning, to get a clear picture of your child's successes and areas for growth.

HOW TO SET UP: [Parent Portal Access link](#)

[Frequently Asked Questions](#) about PowerTeacher Pro reporting processes

SoundKreations, Artisit in Residence, will be in our school community very soon! They will be our Captains on a journey of moves, grooves and dancing shoes :) Whether **Hip-Hop, Step, Beat Street, Latin, Bollywood, Zumba, African, or Around the World Dance Program**, one thing is for sure, *it is going to be AMAZING*. The SoundKreations instructors will be leading the students on an exploratory adventure of movement, health, self-confidence, and Physical Literacy and will be offering students a chance to explore what is possible in a safe environment filled with people who believe in them! This voyage of movement and expression is highly interactive, entirely approachable, and FUN! **Visit us online to watch videos of our programs in-action and to get to know our Team www.soundkreations.com or on twitter @soundkreations**
