FARM SAFETY PRESENTATIONS

Ms. Dennison from Heartland Training & Support Hub visited Onoway Elementary to teach our K-7 students about important farm safety rules. Students learned how to stay safe around equipment, animals, and other farm hazards. Thank you for helping us build awareness and keep our students safe!

HIGHLIGHTS

March has been a busy and exciting month at Onoway Elementary! We kicked things off with an insightful ADHD parent information session led by our Mental Health Therapists, Heather and Jessica, providing valuable strategies and support for families. Our School Council meeting saw a fantastic turnout, with great discussions and engagement from our school community. We also hosted a successful Community Connections event, where many local organizations came together to share resources and strengthen partnerships. Finally, we wrapped up our last round of Parent-Teacher Interviews, giving families the opportunity to connect with teachers and celebrate student progress. A big thank you to everyone for your participation and ongoing support!
